The Legend of the Dogwood

There is a legend, that at the time of the Crucifixion the dogwood had been the size of the oak and other forest trees. So firm and strong was the tree that it was chosen as the timber for the cross. To be used thus for such a cruel purpose greatly distressed the tree, and Jesus, nailed upon it, sensed this, and in His gentle pity for all sorrow and suffering said to it:

"Because of your regret and pity for My suffer-

ing, never again shall the dogwood tree grow large enough to be used as a cross. Henceforth it shall be slender and bent and twisted and its blossoms shall be in the form of a cross—two long and two short petals. And in the center of the outer edge of each petal there will be nail prints, brown with rust and stained with red, and in the center of the flower will be a crown of thorns, and all who see it will remember . . .

CORNUS FLORIDA, White Flowering Dogwood

One of the most popular of all our native trees. Its beauty in the spring with its snowy clouds of white blossoms is unsurpassed, and the red berries and crimson leaves of fall are one of autumn's chiefest charms. (One of the nicest block of white dogwood seedlings we have ever grown.)

4 to 5 feet	5.00	40.00

WEEPING FLOWERING PEACHES

Pink Flowering Weeping Peach. One of the latest introductions in the Flowering Peach family. Its habit of growth sometimes requires staking in order to get the height desired. Starts weeping when new growth starts. Flowers very similar to other Flowering Peaches.

Red Flowering Weeping Peach. Another late introduction, same habit of growth as the Pink. Its beauty must be seen to be appreciated. Beautiful red flowers appear in spring on this most graceful Weeping Peach.

Prices on New Weeping Peach Varieties:

	Per 10	Per 100
18 to 24 inch	\$4.00	\$30.00
2 to 3 feet	5.00	40.00

PRUNUS NEWPORT, Improved Purple Leaf Plum (Supply limited)

A very handsome small tree with purple foliage. Very hardy and retains its leaves throughout the summer—In spring the bluish-pink flowers are borne in great profusion.

(All trees are nice heavy dormant budded.)

	Per 10	Per 100
2 to 3 feet	3.00	25.00
3 to 4 feet	4.00	35.00
4 to 5 feet	6.00	50.00

QUERCUS PALUSTRIS, True Pin Oak

One of the best shade trees known—Of rapid growth. Leaves deeply cut and colors beautiful in autumn. Transplants more readily than most varieties.

TENNESSEE

TAXODIUM DISTICHUM, Bald Cypress

This is the famous Cypress from which comes the long-lasting Cypress lumber. But it also makes a beautiful ornamental tree with its majestic pyramidal top and soft feathery foliage. Especially desirable for planting on lawns, in parks, and along avenues. It is hardy as far north as Michigan, and it withstands extreme heat and drought. Truly a remarkable tree. Grows to about 150 feet.

McMINNVILLE

TENNESSEE

LILAC, Syringa

French Lilacs, Named Varieties. (Root grafted on California Privet.) Valuable, hardy hybrids. Popular because of the attractive flowers of various colors and foliage. We offer five flowering forms: **Chas. X**—The old stand-by, dark red variety, free bloomer.

Negro—A new dark purple variety.

Pres. Grevy—A nice soft blue blossom.

Wm. Robinson—Violet-pink, good grower.

Rosa Multiflora
Thorny Rose

Millions planted annually by U. S. Soil Conservation Service, State Game Commissions, hunt clubs, and farmers all over the country. Makes excellent game cover and provides winter food for song and game birds.

Attractive plants grow 6 to 8 feet tall and nearly as wide. Sprays of white flowers with yellow stamens cover the plant in June. Excellent foliage holds well and in fall a liberal crop of red berries or "hips" is produced. Planted 1½ to 2 ft. apart as an informal hedge for larger areas, assures privacy. May be clipped more formally to isolate smaller areas.

Recommended by U. S. Dept. of Agriculture and State extension services. Many farmers are using as permanent fences at one-third the cost of woven wire. So bushy and thorny it furnishes a stock-tight, human-tight fence which beautifies the surroundings and tends to keep down weeds. A good snow barrier, windbreak and soil erosion control, too. Does not rob the soil beyond its own branch spread. Plant 1 foot apart for fence; 3 to 5 ft. apart for game cover and naturalizing.

ROSA MULTIFLORA JAPONICA, Thorny Rose

"The Living Fence Rose"—Ours are nice, well developed field grown plants.

4 to 5 feet, B&B	4.50	40.00

NANDINA DOMESTICA, Dwarf type—Berried Type

Best type we have ever seen. Our Nandina is really a good dwarf type—Landscapers are calling for it everywhere for new ranch-type homes because of its compactness from the ground up.

	Each	Per 10
12 to 18 inch, B&B	\$1.50	\$12.50
18 to 24 inch, B&B	2.00	17.00

NANDINA DOMESTICA, Nandina

A very showy plant in winter, having large clusters of bright red berries against a background of reddish bronze foliage. Our plants are all young with vigorous growth.

	Each	Per 10
12 to 18 inch, B&B	\$1.25	\$10.00
18 to 24 inch, B&B	1.50	12.50

PYRACANTHA COCCINEA, Red Berry

Red berries in the winter months. Leaves are dark shiny green.

	Each	Per 10
15 to 18 inch, B&B	\$1.75	\$15.00
18 to 24 inch, B&B	2.00	17.50

PYRACANTHA LALANDI

Orange berried upright variety of rapid growth. Hardy type.

	Each	Per 10
15 to 18 inch, B&B	\$1.50	\$12.50
18 to 24 inch, B&B	1.75	15.00

EVERGREEN LINERS

This year we have some real nice liners in small evergreens that we have been growing here in our nursery. All evergreens are nice, well rooted, one and two year stock. They will be shipped bare roots—packed in moss. All evergreens grown under irrigation.

Terms and Conditions

We offer usual terms to those of known responsibility. Where purchaser's credit responsibility is unknown to us cash is required before shipment or reference with time for proper investigation. Orders to be sent C. O. D. should be accompanied with one-fourth cash.

2% discount and free boxing and packing allowed where cash accompanies order. No charge for packing carload orders in bulk. Net 30 days from date of invoice.

Price—All prices here are f. o. b. our nursery, packing at cost. Packing free if cash accompanies order. We will accept orders 25 of a variety at 100 rate; 250 of a variety at 1000 rate. The prices published in this list are subject to change without notice, and are made for immediate acceptance. They may be increased to cover any taxes upon sales. Bales and boxes charged at actual cost.

Consignment—No stock will be sold directly or indirectly on consignment.

Shipping—Customers are required to give definite instructions in regard to manner of shipping that they desire. We ship by express, freight or truck.

Inspection—A Certificate of Inspection accompanies each shipment.

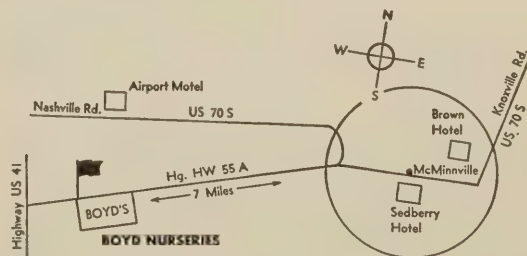

Guaranty—We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop. All stock is sold subject to crop losses through unavoidable causes.

Claims—All claims must be made immediately after receipt of stock. While we use every means at our command to secure prompt delivery we are not liable for delays in transit; our responsibility ends upon delivery in good order to transportation company. We shall be glad, however, to render all aid we can to remedy a loss.

References—Any bank or business house in McMinnville. The Commercial Agencies or any of the leading nurserymen in the United States.

WE ARE NOT IN THE JAPANESE BEETLE ZONE.

Truck Service—We are able to offer delivery in private trucks within a radius of 600 miles. Charges average about the same as railroad rates with the elimination of packing charges and delivery to your door. Write for further information.

ACER - Norway Maple "Crimson King"

PLATANOIDES SCHWEDLERI NIGRA (Plant Patent No. 735)

About ten years ago a fascinating purple or maroon-leaved Norway Maple tree was sent to America from Europe. It created the same sensation over here as it did in Europe. Several specimens were propagated and planted along the East Coast as well as on the Pacific Coast for observation. The results have been most gratifying. It proved perfectly hardy and happy where Maples grew and it retained its magnificent leaf color throughout the entire summer. The effect is not unlike that of the Copper Beech, but in addition, the tips of the branches and the young foliage are of a lighter shade and glisten brilliantly in the sun. One would think the tree was in bloom. Here truly is a rare thing in trees, a superb plant for lawn, small or large; street trees or specimen for contrast among other trees. Unfortunately not many big trees are available so we decided to offer our customers what is known as a "whip." This is a two-year, grafted, single stem tree.
